IN MCDONNEL CASE?

ATTORNEY BRENNEN CHARGES IMPROPER RELATIONS WITH JURORS BY LIBELLANT.

Granted, Returnable in August-Much Interest Manifested.

Joseph E. Brennan, of Carbon-dale, who with Chas. A. McCarty, of Honesdale, conducted the defense in the case of P. J. McDonnell against his wife, Teresa McDonnell, for divorce, appeared in court Thursday afternoon, and made a preliminary motion for a new trial of the case, on the grounds that some of the jurors who had tried the case had been improperly approached during the trial of the case. George W. Wegst was then called. He had also been a juror in the divorce case. He said that he knew McDonnell by sight and knew that he boarded at the Commercial.
Wegst said that he had occupied room No. 25 while there. He denied that McDonnell had called at the room to see him, "Tuesday evening," he said, "McDonnell did not have the control of th give us anything to drink. I took a cigar and went out. Earl Crooker, of Damascus, was called. He said that he was a mem-ber of the jury and stopped at the Commercial Hotel. He occupied the same room with Mr. Wegst. He said that McDonnell had not talked to them about the case pending. He denied that he had taken a drink or a cigar on Tuesday evening. He said that McDonnell had offered to give him something that evening but that he had refused and walked out nell while at the Commercial.

On Friday morning at eleven o'clock Joseph E. Brennan and Chas. A. McCarty, attorneys for Teresa Mc-Donnell, presented a formal motion to the Court for a new trial in the case. The petition named several reasons why a new trial should be granted. Some of the reasons are:

That the verdict was against the law in the case. That the verdict was against the

That the libellant treated the jurors to drinks immediately following the conclusion of the case.

That the jurors accepted the liquor and cigars at that time and dur-ing the case,

Judge Searle granted a rule to show cause why a new trial should not be granted, returnable the second Monday in August. He stated, however, that a more specific rea-son on how the verdict was against the charge of the court should be

It has been intimated that several other jurors in the case other than those above mentioned, were improperly approached by the libellant or some interested party dur-ing the trial of the case.

Detective Edward Neary of Carbondale, had been here most of the week and procured most of the evidence in regard to the alleged action of some of the jurymen.

The case of Ernest Miner vs. Sarah E. Miner, action in assumpsit, was settled Thursday afternoon by a meeting of the principals and attorneys in the sheriff's office. Searle & Salmon were the attorneys for the plaintiff and Mumford & Mumford represented the defendant.

An announcement was made that afternoon that the case had been settled and the defendant had agreed to pay the plaintiff \$300 in cash and other valuable considerations.

Ernest Miner claimed \$1,650 with interest. He alleged that he was induced to work for parents after be-coming of age on the promise of receiving farm on their demise. The father died on Jan. 6, 1913, leaving a will in which he bequeathed his property to his wife, Sarah E. Miner. The defendant then promised to continue the agreement and it is alleged that on October 1 the defendant refused to permit the plaintiff to per-form his part of the contract and re-

TO AID IN SUFFRAGE FIGHT.

Helen Ring Robinson Will Tell Honesdale Folks How Votes for Women Work in Colorado.

Colorado's first woman senator, Mrs. Helen Ring Robinson, will come to Honesdale June 24 to assist her eastern sisters in their battle for the ballot. "Suffrage, as I Have Found It," will be Mrs. Robinson's theme in her lectures.

Mrs. Robinson is chairman of the Committee on Education in the Colorado senate, and is a member of several other committees. The minimum wage question is one in which

she has been greatly interested.
"The social evil," says she, "lies at the door of all of us, who consent to women being paid less than they can decently live on." Mrs. Robin-son is convinced \$8 a week is the lowest amount a woman can live on decently. She has been chiefly in-strumental in getting Colorado's re-cently passed minimum wage law through the assembly.
"Instead of disrupting the home, I

LOCALS DEFEAT TEAM FROM KEYSTONE LEAGUE

SANDY, HEAVY HITTER, FOUND THE BALL FOR TWO BASES, SCORING SCHILLING.

Best Article of Ball Played on Local Grounds This Year—Attendance Was Small and Home Team Failed to Pay Expenses.

There were many fans in Honesdale who had never heard of the Keystone League, much less of the "Crescents," leaders in that league, up to last Saturday. It must have been this fact that made some of the less loyal rooters stay at home, for the crowd on Saturday was not large enough to pay expenses, notwith-standing the fact that the Keystonnotwithers put up the best article of base ball fielding seen here in many a day. It took the local ball tossers twelve innings to beat them, and then they were lucky, for the winning run was the direct result of the only error made by the visitors.

We do not mean by this that the locals were outclassed, for we believe that with even breaks of the game the Honesdale team can win from this same team four times out of five, our weakness now being lack of team play, which will come as the season grows older and the team gets more practice together.

Otto Hoff, of Syracuse University, and also of Cherry Ridge, pitched eight innings for the locals, and allowed nine scattered hits in eight innings, and would have won his game in the regular number of innings with perfect support. He is a good addition to the local pitching staff. Pitcher Loll, the 17-year-old wonder from White Mills, pitched the last four innings and only al-lowed one hit. The features of the game were the fielding of third baseman Jones and first baseman Cawley and Catcher Jordan of the visitors, and Sandy's two-base wallop that scored the winning run in the 12th

for the locals.

Honesdale scored first in the second inning. Sandy was passed and Mangan singled, sending him to third. Lily laid down a perfect bunt along the first base line and beat it out, Sandy scoring and Mangan stopping at third, but Larson, Hoff nor Weaver could not bring him in. We scored another in the fifth, when Hoff and Weaver singled, and Ed-mund gave Brader a base on balls, and hit Tarkett, forcing in a run. Our third run came in the Lily was given a base on balls, Larson sacrificed him to second and Hoff singled. The fourth and winning run was scored in the twelfth inning. Evans fumbled Schilling's grounder. Brader sacrificed, and after Jacobs struck out, Sandy, the hero of last Saturday's ninth inning rally, again came across with the timely two-base wallop to deep cen-
